

## 8 Reasons Large Enterprises Choose Cadency to Automate their Record to Report Process

When searching for a Record to Report solution, we know you have a choice. See why the majority of the Fortune 100 choose Cadency by Trintech. Cadency customers love the benefits and ROI they see when partnering with Trintech. Cadency is the only System of Accounting Intelligence that combines end-to-end financial close activities into a single, seamless process. From high-volume transaction matching and streamlining daily operational reconciliations, to automating and managing balance sheet reconciliations, intercompany accounting, journal entries, disclosure reporting and bank fee analysis, to governance, risk and compliance –

Trintech helps manage all aspects of the financial close process.

**BUT DON'T TAKE OUR WORD FOR IT — SEE WHAT CADENCY CUSTOMERS HAVE TO SAY.**

### 1. SAVE TIME AND MONEY

“Because of Cadency, we have not had to bring in extra resources to cater to the **40% increase** in reconciliation volumes.”

### 4. GAIN VISIBILITY INTO ALL PROCESSES

“We harmonized the due date within Cadency, so all the regions close at the same time. This means the CFO, for example, can know in one shot what the status is today for the whole company. That is a real benefit.”

### 7. STANDARDIZATION OF ALL PROCESSES ENSURES UNIFIED APPROACH ACROSS ALL PARTS OF THE BUSINESS

“We operate in 40 countries, have 225 entities, and buy 6-12 companies a year. With Cadency, we now have visibility into the financial close process on a daily basis, as well as harmonization and standardization across all our countries and entities. So, a close process being done in Peru is the same process being done in Germany or the United States.”
