

# RECLAIM YOUR TIME AND GROW BY ACCELERATING YOUR NEXT FINANCIAL CLOSE

The Office of Finance seems to always be in a race against time during the closing process. What if you can deliver your financial close quicker all while providing even more accurate and reliable information? What will you be able to do with that time saved?

#### WHERE WOULD YOU GROUP YOURSELF?

BASIC/DEVELOPING

**AUTOMATION** 

16%

ESTABLISHED AUTOMATION

ADVANCED AUTOMATION

**Basic Automation:** exporting spreadsheets from ERP **Developing Automation:** using advanced excel macros on top and some RPA

**Established Automation:** point solutions for specific processes **Advanced Automation:** end-to-end solution for the close

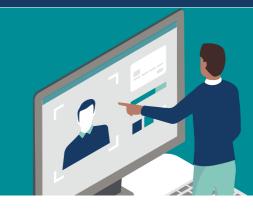

More companies are closing faster than before, but we are seeing a substantial number of material corrections and journal entries during or after the close. This may be a response to meeting tight deadlines.

IS YOUR CLOSE PROCESS RUSHED?
ARE YOU FINDING ERRORS IN YOUR CLOSE?

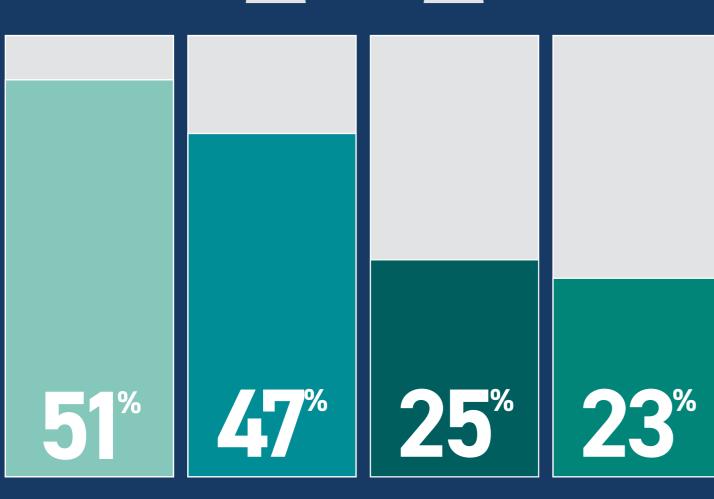

#### HALF OF ALL COMPANIES CAN COMPLETE THEIR QUARTERLY CLOSE WITHIN 6 DAYS.

Are you part of the half closing in this timeframe? Is it difficult? Do you need to close faster

#### **ROADBLOCKS TO YOUR FINANCIAL CLOSE**

LACK OF AUTOMATION

MANUAL WORK AND ERRORS

LACK OF STANDARDIZATION

VOLUME OF WORK

It is important to have your people, process, and technology in parallel. The 6% in advanced automation adapts to the fast-paced tech world, thus eliminating the manual, tedious, low-value work to not only attract, but retain their workforce.
